

## InCLIMATE Integrating Climate Resilience in EU Higher Education

Co-funded by the  
Erasmus+ Programme  
of the European Union

### Final International Conference

**Tuesday, 15 November 2022**

**9:00 AM - 4:00 PM**

**Argiletum, Aula 'Urbano VIII'  
Via Madonna dei Monti, 40  
Rome (IT)**

<https://inclimate.eu/>

**The University of Roma Tre is proud to invite you to the final conference of the Erasmus+ project InCLIMATE!**

InCLIMATE addresses one of the most urgent topics in the EU, where most countries dealing with climate risks lack a holistic approach to urban resilience. Higher Education has an important responsibility in delivering such approach.

InCLIMATE partners have been working together for two years to increase the interdisciplinary skills of students in involved universities, by developing innovative educational approaches to planning and allied disciplines, able to rise to the challenge posed by Climate Change to urban areas.

The InCLIMATE final conference aims at disseminating the project's educational methods, tools and results, discussing them with Italian and international experts and laying the basis for a wider dissemination of the InCLIMATE outputs.
